SAFE SHELTER

What does a child dream of?

In an unsafe world, a child's dreams are often troubled.

Many children in our community live in chaos and fear. Their families are in crisis. Their homes are unsafe.

Kids Kottage is Edmonton's only children's emergency shelter. We are open round the clock, 365 days a year, working to protect vulnerable children.

Since our doors were opened in May 1995, Kids Kottage has sheltered nearly 30,000 children.

By partnering with Kids Kottage, a child's dream to sleep safely tonight will be possible because of you!

You hold their dreams in your hands....
