Community, Hockey, & Hope: *Hockey Helps the Homeless Recap*

Last week, Hockey Helps the Homeless Edmonton brought the community together for **two unforgettable days of fundraising** and friendly competition. From the live and silent auctions to raffles and other fundraising opportunities, every bid, ticket, donation, and show of support helped raise funds for three local organizations: **Kids Kottage Foundation, The Mustard Seed, and Jasper Place Wellness Centre.**

We are incredibly grateful to everyone who played, donated, volunteered, sponsored, bid, and cheered this event on. Thank you for standing alongside us and our mission.

More highlights, photos, and impact from this incredible week are coming soon!

Igniting Volunteerism at Kids Kottage

From April 19 to 25, we were proud to celebrate **National Volunteer Week** here at the Kottage. It was a meaningful opportunity to recognize the incredible individuals and groups who continue to share their time, energy, and care with Kids Kottage all year long.

This past year, our individual volunteers contributed **more than 2,280 hours of support**, helping create a safe, welcoming, and comforting space for the children and families we serve. We were also grateful to **welcome over 30 volunteer groups** from businesses and community organizations across the city, who supported us in countless meaningful ways.

To every volunteer who has helped ignite kindness, compassion, and community at the Kottage: thank you. Your impact is felt every day.
